

Ad hoc announcement pursuant to Art. 53 LR

Ningbo Shanshan Co., Ltd.

**Announcement on Performance Forecast for the First
Three Quarters**

Important Notice:

It is estimated that in the first three quarters of 2022, the net profit attributable to the owners of the parent company after deducting non-recurring gains and losses will reach RMB 1.90 billion to RMB 2.00 billion, an increase of RMB 565.73 million to RMB 665.73 million compared with the same period of the previous year (statutory disclosure data), with a year-on-year increase of 42% to 50%.

1. Performance forecast of the current period

(1) Performance forecast period

From January 1, 2022 to September 30, 2022

(2) Performance forecast

According to the preliminary calculation of the financial department, it is estimated that in the first three quarters of 2022, the net profit attributable to the owners of the parent company after deducting non-recurring gains and losses will reach RMB 1.90 billion to RMB 2.00 billion, which will increase by RMB 565.73 million to RMB 665.73 million compared with the same period of the previous year (statutory disclosure data), with a year-on-year increase of 42% to 50%.

It is estimated that in the first three quarters of 2022, the net profit attributable to the owners of the parent company will reach RMB 2.15 billion to RMB 2.25 billion, which will decrease by RMB 524.02 million to RMB 624.02 million compared with the same period of the previous year (statutory disclosure data), a year-on-year decrease of 19% to 22%, mainly due to the sharp drop in non-recurring gains and losses in the current period.

(3) This performance forecast has not been audited by certified public accountants.

2. Operating performance and financial status in the same period of last year

- (1) Net profit attributable to owners of the parent company: RMB 2.77 billion.
Net profit attributable to owners of the parent company after deducting non-recurring gains and losses: RMB 1.33 billion.
- (2) Earnings per share: RMB 1.698/share.

3. Main reasons for performance changes in the current period

- (1) The net profit of the Company attributable to the owners of the parent company after deducting non-recurring gains and losses in the current period increased year on year, mainly due to the steady growth of the company's core business of lithium battery anode materials and polarizers segments, including:
 - 1) The anode material business benefited from the continuous high prosperity of the new energy vehicles and energy storage industry and strong demand of clients. Due to the new capacity of phase 2 project of the Company in Baotou was released smoothly as well as the excellent performance of the company's anode products, the production and sales volume increased significantly year-
